MCLEOD COUNTY DEFEALCATION.
On Friday last a motion for a new trial was made at Glencoe before Judge McDonald by the Attorney for Robert Mims. The motion was denied. Bail was fixed at \$20,000, and an appeal taken to the Supreme Court.

CURRENT SCHOOL FUND.
The amount apportioned on March 4th 1878 to Carver County from the above fund is \$124,155. The number of scholars being 3490. This is at the rate of 35 cts. for each scholar.

LEGISLATIVE.
In Tuesday's Globe we noticed a report that a bill had passed the House locating a State Road in Carver and Scott Counties. Also that a bill prohibiting cattle or other domestic stock running at large in certain portions of Carver County passed the same branch of the Legislature.
What is this bill all about? Do the words "other domestic stock" extend so far as to prevent our children from running at large?
If so we feel compelled to treat the law as a dead letter.

SUICIDE OF A FORMER RESIDENT OF CARVER COUNTY.

The following account of the Suicide of Heinrich Kremmer, which we clip from Saturday's Globe, explains itself. Kremmer will be known by most of our citizens as a man who formerly lived in Chaska and pretended to work at his trade of a tailor.
"An inquest was held Saturday morning on the body of a German named Heinrich Kremmer who had committed suicide by hanging himself in his room at the Seven corners. The body was discovered by the children of Mr. Debel, the landlord of the house, by peeping through the key hole. They ran down stairs and told Mr. Delany who keeps the meat market underneath the room occupied by deceased. That gentleman gave the alarm, and several persons proceeded up stairs, forced open the door, and discovered the body suspended in a door way of a petition dividing the apartment. The position of the corpse showed that the wretched man had suffered a terribly one leg was drawn tightly up to the body, the other touched the floor, but not sufficiently to give any relief to the agonized convulsions. One arm was stretched rigidly down by the side of the body, with the fist convulsively clenched, the other hand was clasped to the neck where the cord was cutting into the flesh. The corpse when cut down was quite rigid, and it was some time before it could be straightened out, showing life had been extinct some considerable time.
Deceased was a tailor, about 48 years old, very short but thick set, with black hair and hair, and the whole top of the head bald. He has been known about the neighborhood of Seven Corners as a frequenter of saloons who gambled worked. His home presented a most pitiful picture of destitution and equal, and it is supposed the fact of his having to leave the room for which he had paid no rent so prayed upon him, and that he gave way to despair, being without money, without friends, driven on to the street homeless and destitute he should rest in a saloon's dishonor and grave.

WHAT HE MADE.
"I say, Charley," said one friend to another on meeting, "I hear our friend Brown has been dabbling in stocks lately; has he made anything?"
"Yes," said Charley, "he has made an assignment."

AN INCOMPLETE MORAL, LE SON
Ohio go home.
A wretched woman, who, perhaps, had lost her earnings in a high-toned saving bank, left her child upon the steps of a house in New York, because she had no means of taking care of it, and hoped it might find kindness from the more fortunate dwellers in the house she selected as an orphan age. For her offense, she was sentenced to three years in the penitentiary. The moral lesson would be complete if the infant deposit had been made at the house of a savings-bank president who robbed thousands like her and was not subjected to even the annoyance of an indictment.

The active working granges in Tennessee now number 566, with a membership ranging between 12,000 and 15,000. Four years ago the granges numbered 1,107, with a membership of about 30,000. Of the entire number of granges organized, 100 never held a second meeting.

SOWING WHEAT N MARCH THE SEASON OF 1880.
Col. John H. Stevens, of Minneapolis was in the historical society rooms yesterday, looking up the old files of his Glencoe Register of 1859 and '63, to see what sort of weather we had those days. He found the following record under date of March 3: "Altogether it has been one of the coldest and most pleasant winters that we have enjoyed," "wild geese flying northward—this is a sign of an early spring."
Under date of March 10, the Register says: "The weather during the first of the week was remarkably warm and pleasant. The last vestige of snow disappeared, and on Tuesday there was a thunder shower. Mr. Meyer informs us that he commenced sowing wheat on Thursday last. He says the ground was in as good condition as at any time last spring. The experience of farmers in this county we believe has been, that the earlier they sow their spring wheat after the first of March, the better crop they will get."
As our farmers are about to sow wheat now, this item will be encouraging to them.

A VICTIM TO POKER.
St. Louis Evening Post.
Zach J. Mitchell, the brilliant young lawyer who put such a sad period at the end of his career by forging a note for \$300 in his own favor, with the signature of Col. James O. Broadhead attached, has been, since the publication of the crime in which he entangled himself, the object of considerable sympathy on the part of his friends. Yesterday and this morning the matter furnished food for comment among all classes. Mr. Mitchell was not to be seen on the street, however, and inquiries for him developed the fact that he was not in the city. His office is vacant, and stripped of everything in the way of furniture.

An Evening Post reporter ascertained that the young man had been addicted to gambling, and had spent as much as \$300, \$500 and \$800, at as many several sittings in houses in this city.
It is also known that while in Jefferson City as a member of the legislature he plays high stakes and lost heavily. Interviews with many of the friends of Mr. Mitchell failed to develop anything of interest, every body, apparently, being willing to throw the mantle of charity over his shortcomings.

A pet monkey in Atlanta was carefully trained to watch a baby, and rock its cradle when it cried. He was considered a very trustworthy and useful brute, but one day, being left alone with the infant, and finding himself unable to stop its crying, he jumped into the cradle, scratched the child's face, bit its ears and nose, tore off its clothes, and, when discovered, was stuffing the bits of cloth into its mouth. He is no longer employed as a nurse.

INTERESTING CURRENT TOPICS.

Promissory notes in Kansas are not drawn so many "days after date," but "when I sell my hogs."

Patent 200,000 has just been issued; but that does not represent the total number, as previous to 1896 the issues were not numbered.

Milking machines have become so important that there is to be a competitive trial of them at the Bristol show yard, next July, with judges appointed by the Royal Agricultural Society of England. Dolly, the dairymaid, may soon find a part of her occupation gone.

The coast of Peru has again been devastated by a tidal wave and an earthquake and the busy port of Callao is partly in ruins. These phenomena are becoming more frequent and violent as time rolls on, and afford an interesting subject for those preachers who believe that hell is situated in the bowels of the earth.

Extravagance is rapidly ruining the Khedive of Egypt. He sustains upward of twenty palaces, in which he supports in luxury three wives and nine hundred women of the harem. Each of the grown-up princes of the blood also has his separate palace and retinue of servants, and the horses in the stables of the father and sons are numbered by hundreds.

An official French return shows that at the close of September, 1877, there were 12,065 3/8 miles of railroad in operation in France. The corresponding extent of line in operation at the close of September, 1876, was 12,678 1/8 miles. At the close of March, 1877, there were 18,042 engines, 18,437 passenger coaches, 4,007 freight cars, 63,695 covered goods trucks, 5,395 covered horse and cattle trucks, and 138,329 open trucks.

French Quakers are not numerous, but a young man of Sarthe, named Tureau belonging to the sect, was lately conscripted for a French army, and refused to do duty. He was stripped of his clothing and left an entire day in a tent in his shirt, with the option of suffering the cold or donning a uniform provided by wear. Toward night he sought warmth by wearing a blanket, but was finally caught, and sentenced to two years imprisonment for disobedience of orders. His father visited him and encouraged him to persist in his course, saying that he had himself formerly been subjected to the same persecution.

Henry Cline's barroom in Chicago is frequented by actors and agents of traveling companies. Cline told Buffalo Bill that it was customary to leave \$500 or \$300 with him, with which to bribe the newspaper critics. Buffalo Bill said that no money had ever before been asked of him for such a purpose, and that he would not give any. The fact then came out that Cline had fooled a number of glibblish showmen, the only drawback to his business being that criticisms, which he had promised should be laudatory, were often of an opposite character. In such cases he was compelled to give back the money with some plausible excuse.

Can an escaped lunatic be tried for murder? Is the question raised in an Ohio court. Perry Bowsher is on trial at Chillicothe, for the killing of an old couple named McVey, and the defense attempted to have the proceedings stopped on the ground that Bowsher was an escaped lunatic; that he had never been discharged from the asylum; had never been declared sane; was in the eye of the law a lunatic, and could not, therefore, be tried for murder unless his sanity was proven, the burden of which proof rested upon the state. The records show that Bowsher is in fact, an escaped lunatic, but the court overruled the motion.

Ben Pitman lectured in Cincinnati on his return from the cremation of his wife's remains. The frequently expressed preference of Mrs. Pitman, he said, had enabled him with propriety to "avoid a number of silly and expensive usages." He continued: "I could not here the thought of any sorrowing hands ministering to the necessities of the occasion, and this was religiously carried out, even in the case of the skillful embalmer. The idea of the idea of symbolizing my love by anything so offensive to sight and touch as black crape, or anything so ghastly as an ordinary coffin, or anything so absurd as black plumes, never entered my mind. Mrs. Pitman said the entire cost of the cremation, including railroad fare, was only fifteen dollars."

We learn something about three ladies from many writers of society gossip. The wife of Col. Ingersoll is tall, with prominent nose, large dark eyes, and heavy black hair. She is a heterodox as her husband. Lady Dufferin is very charming, with "finely cut, regular features, all elegantly classified in their outline; her eyes are of a deep Irish blue, and her hair of a dark brown, and her unaffected manner, like that of a girl, draws all people to her." Mrs. Clara Ganes is little, with reddish blonde hair. "This is how she looked on a recent occasion: 'She was dressed elegantly in black silk, and wore rather more jewelry in the shape of gold and diamonds than was exactly good taste, considering the surroundings. Imagine such a woman, so dressed, standing straight as an arrow, moving rapidly about the room with short quick nervous steps, and talking like a buzz, saw under full head, her only pause happening at the end of each sentence.'

John William Daniels was hung at Wareburg, Mo., on the 1st of March, for the murder of Jesse R. Miller in 1877, and thousands of spectators gathered to witness the scene. A special train came from Sedalia with three coaches full of passengers.

A difficulty occurred at Lead City lately, between Ben S. Wadsworth and John McTigue, over the possession of a lot, resulting in a double barrelled shot gun into the bowels of McTigue, killing him. Wadsworth was arrested.

Both branches of the Kentucky legislature adjourned resolutions instructing the governor to call the State to order and aid in every possible way the Texas Pacific railway. Kentucky is strongly in favor of the bill, and the Legislature has only carried out the desire of the people.

A motion for a new trial in the famous million dollar Emma suit, has been denied. Mr. Clinton, counsel for Wm. H. Vanderbilt, says there is absolutely no ground for the rumors that the suit of Cornelius Vanderbilt has been or is about to be settled by the payment of one million dollars.

A body taken from the river at St. Louis the 30 inst., was identified as that of Henry Falk, a merchant of Farmington, Mo. He came to St. Louis in October, purchased a lot of goods and was killed by a physician, who said that all trace of him were lost. Foul play is suspected, but the remains were too much decayed to obtain any satisfaction from an examination.

The same dispatch says: The results of the famine are still distressingly felt in Madras and Mysore. Unless prices take a downward turn at the beginning of March the relief works will be compelled to continue till August or September. Reports from Madras and the north-west provinces are equally unfavorable. The poorer classes are suffering most pinching distress.

The insane asylum at Winestock, Sheboygan county, Wisconsin, was totally destroyed by fire on the 19th inst. The inmates, Lucetta Toothaker, Mrs. McDonald, August Anderson and Billy Dolan, an Indian, perished in the flames. For some reason the inmates were not removed from the building, and they still lay in the smoldering ruins. The property loss is only \$4,000 to \$5,000, with no insurance. J. H. Jewett, the keeper, ordered the building. A defective fire alarm was the cause.

Regarding the passage of the silver bill while the papers in London have been quite bitter and unfair in their discussion of the subject, the people do not seem to have been alarmed. The bill has been passed by a large majority, and has been warmly received. In fact, taking the record of the past six weeks into account, while English funds have fallen three-eighths, American bonds have risen one-eighth. The market is equally encouraging to those who insist on the reorganization. From about fifty-three pence per ounce it has steadily advanced, in spite of the heavy sales in Germany, until it has reached 68 1/2 pence. An equal increase further will bring it on an equality with gold as a coin. English holders of American bonds have not yet been frightened into selling them to any noticeable extent.

The Vanderbilts will cause a motion to be made to amend the original allegation of contempt, Mr. Lebar, said said, pending will and could be procured by undue influence on the part of Wm. H. Vanderbilt. The bill was passed by a large majority, and has been warmly received. the most heartless coquette has all the shy graces of a girl of sixteen, while the heart of some woman who looks you through with cold, steady eyes, may be filled with love and tenderness that you are too blind to discover. So we all go on, wearing disguises of different devices, never quite concealing, never revealing, the life within. And thus it will ever be.

passed to be congregated. Her life, since her separation from her husband, seems to have been a romance in the style of Arsene Houssaye, and, according to the London Times, the following denouncement:

"I have endeavored to convey to you one of the French emigrants attached to the Prince of Monaco. A better example than Marc Antonio comes to me. He is a chapman and commission agent, named Delage, who last summer scraped an acquaintance with the Princess Suvaroff at Aix. She being short of money for her hotel bill, asked him to lend her 12,000 francs, and mentioned to him the Prince's name. He called on her, and was not received as amiably as expected, though he composed himself with the reserve and delicacy which a man had, under the circumstances related, become the creditor of so great a lady, owed to her. His only object in visiting her was to assure her that his purse was at her service. The Princess, in a few days, sent him a check for 12,000 francs. He went to Lausanne, where he was waiting for the Prince's return. Our Watertown friends are busy selecting a site for the Railroad depot. Shall we come over and help you?

Shakopee retains the County seat and Henry Hinds, the able Representative from that City is entitled to great credit for the able manner in which he handled the removal bill and Giles of the Jordan district.

According to the St. Paul daily Minnesota has still one mighty statesman and legislator in the person of Bill Bonfellow of Hutchinson. Give us a rest.

LOCAL WOODCHUCKS
Rep. Barthel secured several local woodchucks. The most important one to Chaska is the passage of the bill instituting a state road from Chaska to point opposite this city in St. Louis County and intersecting the Marytown and Jordan roads. When opened it will bring us a big winter trade.

THE CITY OF SHAKOPEE.
The citizens of the city of Shakopee gave Henry Hinds a public reception on his return home from the Legislature last Saturday. The Shakopee Citizens met in a large hall and they retained the County seat and that they have secured the passage of a bill relative to bridging the Minnesota river at that point, so as to connect Carver and Hennepin County roads. We are willing to be generous to our neighbors, as we are able to be able to hold our own, every time.

WATERTOWN RAILROAD BILLS.
The farmers of Watertown, backed by a majority petition of the voters of that town, attempted to prevent the transfer by the Legislature of the \$15,000 bonds voted to the Narrow Gauge Railroad last summer, to a new company. But Senators Loomis, Bonnell and Reps. Anderson were too much for our delegation, and the bill legalizing the transfer was duly passed, notwithstanding the fact that all the petitioners asked was a change to vote on the proposition.
"Clickers may come home to roost," yet. Time will tell.

MINNESOTA IN CONGRESS.
Congressional Record, 6th.
Mr. McMillan presented a joint resolution of the Legislature of Minnesota, in favor of an appropriation by congress sufficient to test the practicability and value of an invention by M. J. Adams, a citizen of Minnesota, for enlarging the channels of rivers and freeing them from obstructions by means of silos, reed-banks, which was referred to the committee on appropriations.

By Mr. Dummell—Memorial of the legislature of Minnesota, relative to an investigation for the improvement of navigation to the mouth of the Mississippi river, for an appropriation for a grant-in-aid to the improvement of the Mississippi river to the same committee.
Mr. Kuhler, by unanimous consent, introduced a bill (H. R. No. 3710) create a Territory in the Territory of Dakota, and in the collection of Minnesota, a part of delivery; which was read a first and second time, referred to the committee on territories, and ordered to be printed.

J. F. JABERG, EDITOR.

Wheat remains steady at 90 cents. We are happy to learn that M. Simonson, who has been very ill with Diphtheria for the past week, is again able to be about the store.

We notice that Mrs. H. Jensen, Peterson and Co. are disposing of a large number of Seeders this spring.

The Concert given by the Hessian Band at Young America on Wednesday of last week was superior to anything of the kind ever given in the vicinity and was largely attended.

Married—Murch the 10th—By Rev. J. Rockwood at the residence of the bride's parents Mr. A. C. Little of Glenwood, to Miss Emma Cole, of the town of Young America. Although the day was a gloomy one, and the rain poured down in masses, and the streets were as rivers of water the occasion was an enjoyable one to those present. The newly married couple have the best wishes of a host of friends.

Mr. L. W. Parks has sold his residence to Henry Fabel of Young America, who will remove his family into his new home in a few days.

Mr. J. Morris traveling agent for S. N. Brown & Co., of Dayton, Ohio, spent a few days in town last week visiting his friend Dr. Miles.

The tie inspectors of the H. & D. R. R. were largely engaged the latter part of last week inspecting ties.

Pope Leo XIII. was crowned in the Sixtine Chapel last Saturday, the ceremony commencing at 2:30 in the morning and closing at 1:30 in the afternoon. The cardinals, prelates, diplomats and a few other persons were present. The Pope was afterwards carried to his apartments blessing the spectators on the way. Cardinal Simonini, who has been acting as Pontifical Secretary of State, being objected to by some of the Catholic powers, resigned his place, and Cardinal Franchi was appointed to the position.

The bill creating the new office of public examiner, with a salary of \$3,500 per annum and contingent fund of \$1,000, passed the senate on Thursday with only ten dissenting votes. This is one of Gov. Pillsbury's pet projects, but it is generally regarded as of very doubtful expediency.

Gov. Pillsbury has appointed J. Q. Farmer, of Fillmore county, for Judge of the 10th Judicial District, during the continuance of the impeachment and trial of Judge Page.

TEXT BOOK BILL.
The Merrill school book bill finally succeeded in becoming a law, with the proviso that it is to be submitted to a vote of the people at the general election in 1880.

Other amendments have also been attached to the bill, so that we cannot speak with certainty as to its present provisions. We will soon publish the laws, however, in supplement form, and then our readers will have an opportunity to examine the work of the legislature this winter.

Back Hills Gold.
Jack Hills placer gold is ranked as follows: Deadwood gold is fine and very rusty; Spring and Rapid creek gold is fine and very brilliant, while that taken from Point and Nigger gulches, is nuggety and fine ground very spotted. Spring creek gold is by far the most valuable, being from \$1 to \$1.50 per ounce in excess of that taken from other districts. The largest nugget found in the Hills thus far was discovered in Nigger gulch, and weighed 147 pennyweights, and was valued at \$140. The largest lump found at Deadwood was valued at \$30. Placer mining will continue for several years yet, and will continue to yield handsomely.

LOCAL NEWS.

At Laketown, on Friday March 28th 1878,

A young daughter of Casper Hopp,
This last death is peculiarly trying to
the family as it makes the third death that
has occurred therein this winter. The
family has the warm sympathy of a large
circle of friends in their sad bereavement.

Our stock of boots and shoes now com-
plete is one of the largest ever shown in
this market. We have been careful in sel-
ecting such a stock, that is firstly adopted
for the market; Secondly that will give
satisfaction in every respect as to quality
and fit.

ENGINE HOUSE.
The new of our Hock & Liller Co.
has been erected a new building for the use
of the company during the summer. The
upper story of the building will be used as
a hall for the company for dances &c.
We wish to see success, friendliness and
other things.

THE HESSIAN BAND.
This celebrated military band, gave two
concerts in this village last week, on
Thursday and Friday evening, to crowded
houses. The music was excellent and was
duly appreciated by the audience.

Acceptance.—The little one year old son
of Andy Wiest of this place, was quite
suddenly sickened about the face and neck
last Saturday by the accidental overturning
of a cup filled with boiling hot coffee.
He is doing well, however, at the present
time under Dr. Richards' treatment.

PERSONAL.—Hon. Jacob Truett the
faithful representative of the Watertown
district, was in town Saturday morning on
his way home.

Reyn. Barthel, returned home on Friday
evening. He had several local "wood-
chucks" with him.

Chas. Fritz and Mr. Hohmann, of
Watertown dropped in to see us on Friday.
Henry Kloss of Oak Green dropped in to
see the machine office last Saturday.

SOWING WHEAT.
Sam. May, of Waconia sowed 10 acres
of wheat last week, Monday, Feb. 28th.

Mr. Karcher of York Vill prairie, this
town was sowing last week. He has some
20 acres which he intends to seed with
wheat at once.

This is something remarkable in the
annals of Minnesota and will surely astonish
our eastern friends.

This last death is peculiarly trying to
the family as it makes the third death that
has occurred therein this winter. The
family has the warm sympathy of a large
circle of friends in their sad bereavement.

Our stock of boots and shoes now com-
plete is one of the largest ever shown in
this market. We have been careful in sel-
ecting such a stock, that is firstly adopted
for the market; Secondly that will give
satisfaction in every respect as to quality
and fit.

FINANCIAL STATEMENT.

By reference to the above statement
which we published this week our readers
will see that the total amount of orders
issued during the last year was \$19,680,15.
The amount of orders cancelled was
\$18,441.81. The amount of orders issued
in 1877-78 from which the Treasury was not
deducted the amount of orders cancelled,
and the amount paid to the State for taxes
of 1873 and prior years, when we filed the
balance due by the Co. Treasurer is
\$19,681.44. This, we think is a statement
as good as our neighbors can show, if not
better.

Will celebrate the coming in of the New Year by a general reduction of local ticket fares from FIVE CENTS to FOUR CENTS per mile on all divisions of their roads, to take effect January 1st, 1878.

Their express trains are equipped with the Miller platform and Westinghouse Automatic Air Brakes, and in every thing pertaining to the safety and comfort of passengers, and to regular speed and connections, are not excelled by any in the country.

Carver Items.
Our new village council has passed several important ordinances. The auctioneers, peddlers and the dogs got it this time. The board evidently means business.
Several of our citizens are leaving for Lac Qui Parle Co. Mr. O. Johnson, Tisell and others depart for their new homes to-day.
Our citizens take a live interest in our Scott County road, especially since it is blocked.
We had, or rather should have had a grand show some day last week, but the audience proved to be too thin (in all) to leave any dividends to be declared. The troupe went to regions unknown, with the determination not to call again.
Any one being up at 6 o'clock on Monday morning last, could have seen Hebeisen & Peterson putting up the last seed of the season for Frank Meissler of Chaska, who was anxious to get one of the right kind.
We are glad to state that our Andy is all right again, he was laid up for almost a week.
W. C. Bredenhagen was out to Benton last week in the interest of the St. Paul Fire & Marine Ins. Co. to look after a loss sustained by Lawrence Blickner on his dwelling, which burned down during the night of March 20th and 21st. There was \$500.00 insurance on the building.
Holmes, Anderson & Sundine have sold their wheat on hand (2000 bushels) to Gov. Pillsbury for the grasshopper sufferers.
Mr. Schutz gave one of his very popular lectures last Sunday in the Town Hall.
Mr. Walter De Mersis on a short visit with Mr. A. G. Anderson.
Capt. Geo. Houghton is home for a few days.

ATTENTION FARMERS.
We respectfully inform the farmers of this county, that we will sell the very first class Seeders to farmers \$10 cheaper than any house in the county and guarantee the machines to be equal to the best in the market. Call and see them.
